**FIRST PHASE OF MULTI-MILLION-DOLLAR RENOVATION COMPLETED  
AT NEW WORLD MAKATI HOTEL**

New World Makati Hotel has completed the first phase of its multi-million dollar renovation. The 595-room property has unveiled a new lobby and lounge, an Events Gallery, first-rate function spaces for upscale events and all-new executive club floors. The renovation upholds and enhances the hotel's reputation for excellence as a deluxe hotel in Makati City, the Philippines' financial district.

The hotel's new spaces, designed by Singapore-based White Jacket, reflect clean lines with a thoroughly modern vibe and hints of Oriental influence.

Newly installed sculpture graces the redesigned driveway and the hotel's lobby now features gleaming marble floors, dark wood furnishings, and strategically located bold accent pieces. The lobby flows seamlessly into The Lounge, where guests can hold informal meetings or people-watch over refreshments.

The new Events Gallery serves as a showroom for fresh banqueting facilities and services. Here, while enjoying coffee and snacks, guests can personalize their events by selecting their preferred tables and floral arrangements, customizing menus and finalizing programs.

Two premier function spaces are introduced: Gallery I, located at the lobby level, accommodates a maximum of 30 guests and Glasshouse room on the second level is ideal for events of up to 100 attendees. Stylish events are set within these beautifully furnished spaces, with premium hardware and luxurious menus that can be prepared *à la minute* in the fully equipped show kitchens at each venue.

The hotel's top four floors have not only been re-designed, but renamed the Residence Club. Guests are welcomed at the 24<sup>th</sup> floor by a simple but elegant reception area with a panoramic skyline view as its backdrop. The new Residence Club Living Room is illuminated with natural light with floor-to-ceiling windows, presenting guests with yet more city views.
